.. DEATHS ..

BURNS—At the home of his nieces, in Louisville, on Friday, Mr. Thos. Burns, aged 72 years, of Bright's disease.

Mr. Burns was a carriage maker by profession, having learned the business with the firm of Heming & Quin, in this city, where he was born and reared. For many years he conducted a carriage shop on East Main street, but had been forced to give up all business some two years ago, and had gone to Louisville to live. He was a widower, with no children. He left some considerable estate.

The remains were brought here on Saturday morning and interred in the family lot in our Catholic Cemetery.

He was a quiet and industrious citizen, upright in all his dealings.

GRAHAM—in this city, on Wednesday, Matie McCrane, infant daughter of Mr. Bernard G. Graham and wife, aged two months, of whooping cough. The funeral took place on Thursday afternoon at 4 o'clock.

WILSON—in this city, on Sunday, Mrs. Mary Wilson, aged 75 years, after a long illness.

Mrs. Wilson was the daughter of the late Mr. W. W. Stephens, and was reared at that famous old-time tavern known to stockmen, the State over, as the "Billy Stephens Tavern," two miles from this city, on the Versailles pike.

She was a devout member of the Christian Church. She had been a widow for long years. She leaves two daughters, both married, to mourn her death.

The funeral services were conducted by her pastor, Rev. George Darsie, from the Christian Church, on Tuesday afternoon, and the interment was in the family lot in our cemetery.

BADLY HURT IN RUNAWAY.

Mr. S. S. Wainscott, who lives in the Tioga neighborhood, this country, came to town in his buggy, on Wednesday morning, and when in front of the grocery store of Mr. John M. Banta, at Thorn Hill, the horse he was driving became frightened at a street car and ran away, throwing Mr. Wainscott out, smashing and bruising his left shoulder very seriously, though not breaking any bones, so far as could be discovered.

Mr. Wainscott, who is a large man, held on to the reins and succeeded in stopping the horse, not, however, without being dragged some distance.

The buggy and harness were torn to pieces by the frightened animal.

Surgical attention was at once rendered.

The only wonder is that Mr. Wainscott was not instantly killed.

UP TO SNUFF.

Our friend, Mr. Dan L. Kennedy, has the handsomest coffee house in under all circumstances, has an orderly and quiet house—The Raleigh. Now that he has all his new fixtures, he has had a new granite-topped pavement put down in front of his place.

DO IT TO-DAY.

The time-worn Injunction—Never put off till 'ill-to-morrow what you can do today—has not generally been followed in this country to-day." That is the terse advice we want to give you about hacking cough or demoralizing cold which you have been struggling with for several days, perhaps.

Take Dr. Wever's German Syrup for it to-day—and let that remedy fit Dr. Boschee's German Syrup, which has been in use for over thirty-five years. A few doses of it will undoubtedly relieve your cough completely. It is continued for a few days will cure you completely. No matter how deep-seated your cough, even if dread consumption has attacked your lungs, German Syrup will surely bring relief.

Rev. J. F. Watson, pastor of the Midway Baptist Church, has just closed a fine meeting at the North Fork Baptist Church, Switzer, in which there were twenty additions. Mr. Watson is a fine preacher, but attempts to display, simply preaching the gospel.

### PREVENTION OF TYPHOID FEVER.

Circular Issued by the State Board of Health of Kentucky.

To the Health Officials, Physicians and People of Kentucky:

The public health feels it to be a duty to call the earnest attention of our health authorities and people to the increasing prevalence and mortality from typhoid fever and to the important general importance of the complete use of the methods endorsed and confirmed by scientific research and observation for the prevention of the disease. 13,000 cases of the disease, 1,500 deaths, were reported in Kentucky last year, chiefly confined to people in the prime of life and usefulness. The cost of caring for those sick of it, to say nothing of the sorrow, suffering and loss of life, for the year, is reported as being \$863,700.

Typhoid fever is probably the most preventable of all diseases, not even excepting smallpox. It is now generally known that the chills and dysentery, the germs of the disease are contained only in the discharges from the bowels and kidneys of those sick of it, and that it is perfectly safe to eat or drink any food or drink water which has not been soiled with such discharges, or things polluted by them, in some way, in order to contract the disease. They usually gain entrance to the system through infected water, uninhabited areas, and polluted by infected fecal matter, or such matter may be carried by flesh and deposited on the food utensils and hands in unrefined kitchens and dining-rooms; the germs may also be carried on the hands of careless attendants, or on soiled clothing, or indirectly, by using milk or other articles and cooked food or dishes from cans and vessels washed in infected water. Ice from infected water is also dangerous, as it has been proven that freezing does not kill the germs. A large volume of water containing infected feces, or soiled and heavily polluted with organic matter, become a ready culture fluid for the multiplication of the germs. In the now noted epidemic at Pleasanton, Pennsylvania, in the statesides, the persons, and the death of 111, the outbreak was traced to the use of water from a stream infected by the discharges from one imported case of the recent disastrous epidemic at Liverpool.

New Orleans, caused many deaths, and requiring the suspension of Cornell University, was traced to the use of a public water supply similarly infected.

On the other hand, in the distressing and fatal epidemic which clung to my military camps at Chickamauga, Camp Mead, Mountaine Point, and other places during the Spanish-American War, flies were found to be the principal carriers of the disease by the United States Commission appointed to investigate the origin of the outbreaks. By the use of a powerful spray over the discharges from the latrines, thousands of these flies were tracked direct from these and found covering the food, hands and utensils in the kitchens and mess rooms of the camps. Unrestless, unceasing, taken from the feet, legs, hills and intestines of those flies showed the germs of typhoid fever in countless numbers. The kitchens and mess rooms of the camps were soiled, and their almost uniform escape the disease. Other facts no less convincing as to both water and flies being carriers of this disease might be multiplied indefinitely, space permitting. In a smaller way, they must be common in the experience of most physicians in active practice.

Based upon the teachings of the foregoing facts, the following rules have been prepared with care for the guidance of all persons interested in their own and the public health:

1st. When it is known or suspected that a person has typhoid fever, he should be placed in a large, well ventilated room with the windows and doors well screened, and such preparation should be made from the first day for the thorough and systematic disinfection of all discharges from the bowels and kidneys as will pro-

### A SENSIBLE DOG.

Mr. Grant L. Roberts has a Scotch Collie Dog, a thoroughbred, which has given evidence of unusual intelligence. When spoken to "How are you?" he holds up his paw to shake with you, and does other things equally as smart. But recently he has done something that the climax. Mr. Roberts' family are away and the dog insists on sleeping in the house with his master. One morning recently Mr. Roberts was awakened by the door bell ringing. He hastily donned his clothes and went down to see what was wanted. When he came where he could see the door, he found the dog with his paws upon the bell ringing away. So soon as the door was opened the animal darted out perfectly satisfied.

If you don't believe this ask Sam Smith.

Pretty good dog story.

### PILES UPON TOP OF PILES.

The lots are 40 feet front each by 200 feet back. Mr. Payne purchased this lot in December, 1902, from Mr. Frank G. Stagg for \$5,000.

No! I did not ask for a bottle any cheaper, or twice as large, or one made by yourselves. I did ask for and will not have any substitute for Perry Davis' Painkiller; I have used it, my father used it and I would not have any other. My parents did so too; there is no imitation that can equal it. That I am sure of—for stomach ache.

**OUSTED ENTIRELY.**

The Governor, on Monday, removed Dr. C. C. Owens from his place as Assistant Physician at the Central Lunatic Asylum, at Lakeland. It will be remembered that Dr. Owens was the Superintendent of the Institute for Feeble-Minded Children, at this city, when Dr. J. W. Hill was appointed to that place.

"Isn't safe to be a day without Dr. Thomas' Electric Oil in the house. Never can tell what moment an accident is going to happen."

**FORMER PROMINENT KENTUCKY WOMAN DEAD.**

Some years since Miss Nannette Daisy was a conspicuous figure among Democratic politicians, having been a candidate for State Librarian once or twice. Later she was a noted home-seeker in Oklahoma, in which she succeeded in getting a good farm. Still later she was married to a young Swede, a trooper in the Regular Army, by the name of Svegeborg. She then disappeared from the public eye.

After several years of married life, her husband was transferred to Chicago Ill., leaving his wife behind.

Mrs. Svegeborg later followed her husband (who was some ten years younger than herself) only to find that he had secured a divorce and was married to another woman.

Being thus deserted, she returned to her home and, a few weeks since died. These facts were brought out by the fact that the lawyer, to whom her affairs were entrusted, had advertised for the legal heirs to the estate, which amounts to a nice little sum.

These facts show the uncertainties and mutability of all earthly things.

**A SPLENDID ADDRESS.**

Mr. F. C. Neunemacher recently delivered an address at the Convention of the United Typothetae of America, at St. Louis, Mo., which is a model in its clearness of thought and correctness of statement of the issues involved in the "open" and "closed shop."

His argument is an unanswerable one that all employers ought to have the privilege of employing the best workers to be had and of paying them according to their pay in place of being compelled to pay inferior workmen the same wages thus hampering their business and destroying their independence of action.

We have always thought the labor unions committed their greatest error right at this point. They ought to see the reasonableness of paying a better price, for good workmanship, rather than the general wage scale for all alike.

We commend Mr. Neunemacher's address to all thoughtful minds.

TOLEDO, OHIO.

#### ARRESTED.

In our last issue we made mention of burglars being at work on the South Side. As an afterloop, Officer Nev White arrested a colored boy by the name of John Hawkins, on Wednesday afternoon, and lodged him in jail.

It developed that Hawkins had broken into Judge E. C. O'Rear's residence and had stolen a lot of clothing, as well as that he had taken from Mr. Roberts' place. He was found with some of the clothing on. He will take up his residence at Castle Lillard.

#### DOMESTIC TROUBLES.

It is exceptional to find a family where there are no domestic difficulties, but there can be lessening by having Dr. King's New Life Pills around. Much trouble they save by their great work in Stomach and Liver troubles. They not only relieve you, but cure. 50c. at all drug-gists.

#### BADLY WRENCHED HIP.

Dr. C. K. Wallace was called to the residence of Mr. Thos. D. Hinde, near the Forks of Elkhorn, on Thursday night to see what could be done. He came out from the light into the yard, which was very dark, he fell over the stone steps and badly wrenched his right hip and sprained his right wrist. He is compelled to go on crutches, but is thankful that his leg was not broken.

#### A VERY CLOSE CALL.

"I stuck to my engine, although every joint ached and every muscle was sore with pain," writes C. W. Bellamy, a locomotive fireman, of Burlington, Iowa. "I was weak and pale, without any appetite and all run down. I was about to give up, I got a bottle of Electro-Cat, and began taking it. I felt all well again. I ever did in my life." Weak, sickly, run down people always gain new life, strength and vigor from their use. Try them. Satisfaction guaranteed by all drug-gists. Price 50 cents.

#### WHOPPERS!

Mr. R. G. Tharp who lives on Mrs. L. A. Thomas' farm near Choateville, this county, brought to our office on Tuesday a sample of gooseberries that he has raised this season. Mr. Tharp has forgotten the name of this new variety, but he obtained them from a nurseryman near Lexington.

These berries were as large as pigeon eggs, and were seven-eighths of an inch by seven-eighths average of the lot, the smallest being but very little under that and some were an inch by an inch. He says these berries are not as acid as the older varieties, and make delightful fruits and preserves.

They certainly are the largest berries of that character it has ever been our fortune to see.

#### VALUABLE GIFT.

By his will, which was probated on Saturday, in the Fayette County Court, Judge J. Soule Smith left his Masonic books and his writings upon Masonic subjects, to Mr. Frank H. Johnson, of this city.

#### CRITICALLY ILL.

In a telegram from Owenton it is stated that Judge Jas. E. Carrill is totally paralyzed from his hips up. He fell off a hill at the hotel in that place, not being able to stand the trip back to his home in Georgetown. It looks like there was but little hope of his recovery.

#### A SACRIFICE IN THE ESTATE OF WM. C. WHITNEY.

The deed transferring the residence of the late William C. Whitney, at 515 Fifth Avenue, to James Henry Smith, was recorded yesterday in the Register's Office. The consideration was stated to be \$1,000,000. The interior decorations and furnishing of the house are said to have represented an outlay of \$30,000.00.—N. Y. Times, May 24, 1904.

#### JACKSONVILLE.

Health good, not many on sick list.

Crops good and promising; corn and oats extra; tobacco medium; gardens fine; other crops in proportion.

Among the visitors are the following:

Mr. Wm. Hughes and wife, of Kansas, are the guests of his sister, Mrs. Sarah Moore. Mr. Hughes visited this community thirty-five years ago, and while here made many lasting friends, who still appreciate his friendship and acquaintance. They were glad to meet him again.

Mrs. Sarah Moore entertained a number of friends and relatives Sunday, who gathered at her home to enjoy the presence and company of her brother, Mr. Wm. Hughes and wife, of Kansas, who are her guests. Quite a pleasant time was passed by them.

Mr. J. P. Moore and wife will visit the west this fall, and possibly locate there.

A series of meetings is in progress at the church conducted by Rev. Issac, the pastor, and other help, of the M. E. Church.

Mr. T. J. Terhune has purchased a farm and will locate in our community.

Hurrah for the Boundabout. CLOSE OBSERVER.

#### BIG IMPROVEMENT.

The property owners along the whole of the square between 12th and Shady streets, on Third, on the South Side of the square, are having paved walks put down. This is a big improvement, as the sidewalk was very inferior heretofore.

#### A. O. U. W.

Members of Elkhorn Lodge, No. 64, are earnestly requested to meet at the Elkhorn Hotel on Monday, July 4th, 1904, at 9 o'clock, a.m., for the purpose of taking part in the parade.

FRANK C. HUTCHINSON,  
PHILLIP ARNOLD,  
JAMES TAYLOR,  
Committee.

#### FIREWORKS EXPLODE.

While unloading a box of Japanese torpedoes at the L. & N. Railroad, yesterday morning, a young man by the name of Walter Wright, dropped the box which exploded, bruising his right arm and leg. Wright was carried to his home and surgical attention rendered. We are glad to say he was not seriously injured.

#### KENTUCKY GETS FULL SHARE OF HONORS.

At the National Educational Association at Indianapolis, held this week, Supt. E. H. Mark, of Louisville, was elected one of the Vice Presidents. Supt. S. L. Frogge, of Columbia, Ky., was re-elected State Director for Kentucky.

We are glad to see that Old Kentucky is doing well and especially glad that Prof. Frogge was re-elected. He has discharged his duties well.

## GOOD SPIRITS.

Good spirits don't all come from Kentucky. Their main source is the River—and all the fine spirits ever made in the Blue Grass State could not remedy a bad liver or the hundred-and-one ill effects it produces. You can't buy good spirits and have them at the same time. Your liver must be in fine condition if you would feel buoyant, happy and hopeful, bright of eye, light of step, vigorous and successful in every way. You can't improve your liver in due condition by using Green's Anise Flower—the greatest of all medicines for the Liver and stomach and a certain cure for dyspepsia or indigestion. It has been a favorite medicinal remedy for over thirty-five years. Anise Flower will make your liver healthy and active and thus insure you a liberal supply of "good spirits." Trial size 25¢; regular bottles, 75¢. At all druggists.
